STAFF

THE BEGINNING

"We are such stuff as dreams are made on." Building Committee, Ferdinand E. Miholich, Rt. Rev. Msgr. Leo A. Hoffman, Rev. Michael Vichuras, Rt. Rev. Msgr. Jerome R. Bonk, Chairman, Edwin D. Van Ryn, Architect, Sr. Josetta, Ass't. Provincial, Sr. Edith, Superior, Robert Christianson, and Alden Lenhard witness the first step toward the fulfillment of a dream—the dream of a coeducational diocesan high school which would serve the South Bend, Mishawaka, and Elkhart area.

As is the case of most inspirations, the transition from thought to action demanded tremendous dedication, unstinting labor, and above all, patience. The builders of the dream were ready to meet the challenge. Land scant with trees, abundant with briars, unyielding soil, desolation itself . . . this was reality.

Progress . . . The steel girders rose, the wings extended, outward, the grounds were landscaped, the final touches were added. As the building progressed, another type of construction was taking place—the assembling of the academic cornerstones—the teachers. The dream was becoming reality.

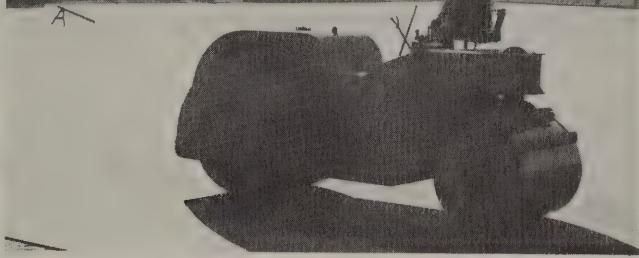

The momentous occasion . . . the laying of the cornerstone by Prin. Fr. Verhagen, Fr. Miller, Msgr. Hoffman, Bishop Leo Pursley, and Rt. Rev. Msgr. Jerome Bonk.

Mrs. and Mr. Anthony DeDario, Tony DeDario, Rt. Rev. Msgr. Sabo, Tim Nicolini, Fr. Skwor, S.D.S. assist at the dedication of the newly unveiled statue.

"King of the Roller"

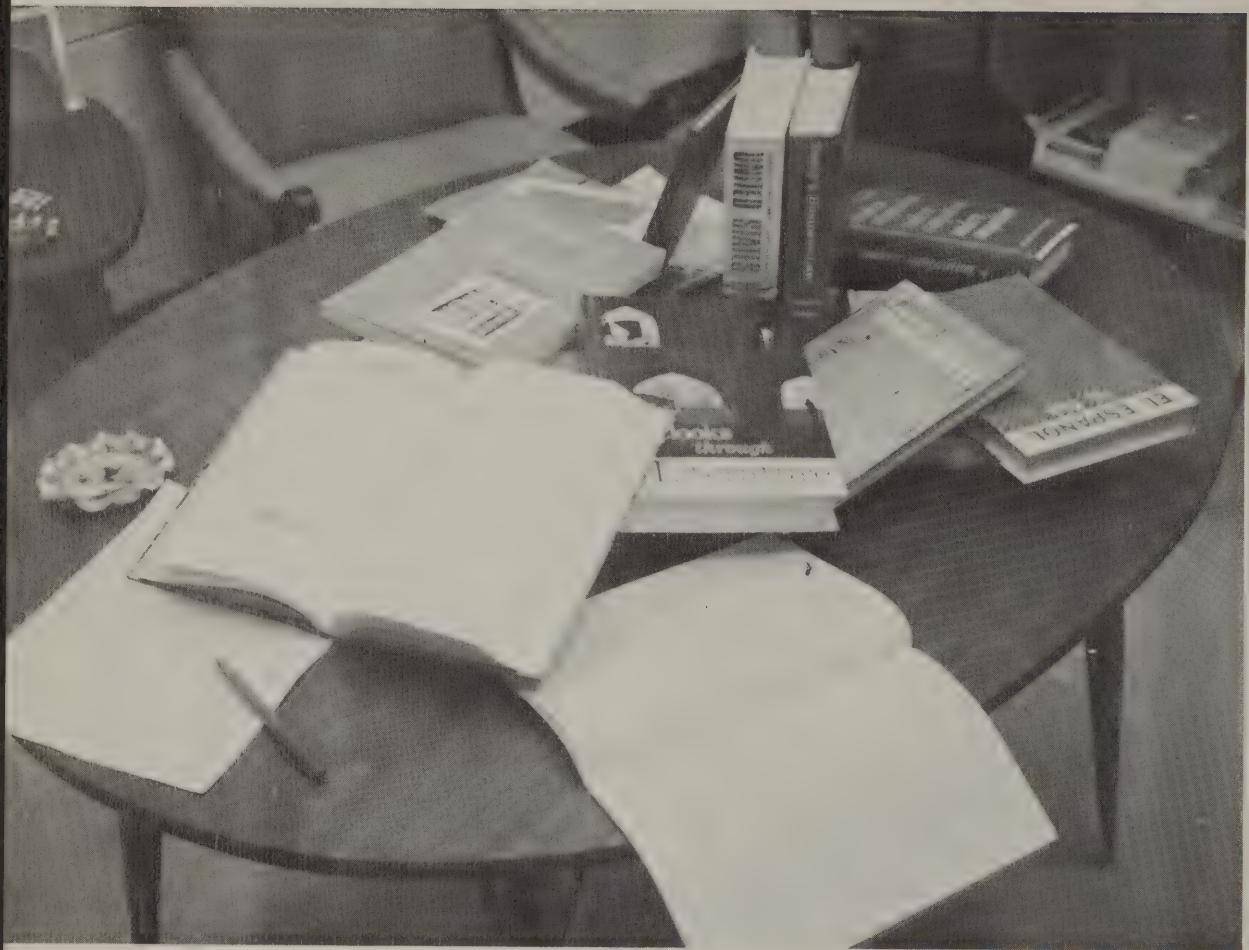

The flag-raising commemorates the opening of Marian.

The name was chosen, the parking lot paved, the flag was raised, the faculty assigned, and "it was good." All Marian needed was students.

Moment of thought . . .

Art and Music

Sister Columban, chairman of the art department, supervises the creative activities of her students.

Dolls, made of newspaper, dry before art students paint them.

Mr. Scardino directs his "Swing Singers" through a rehearsal.

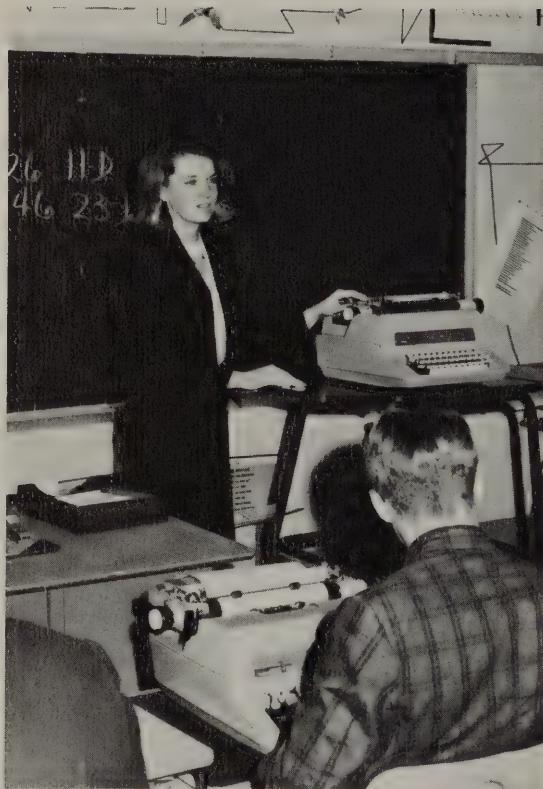

The band blasted their approval of the Marian Knights during pep assemblies.

Moderator of the band and glee club, Mr. Koma horns in.

Business Education

Miss Wild explains what it means to be "type cast."

Sister Clare Ann and Sue Verslype seem fascinated by a problem in bookkeeping.

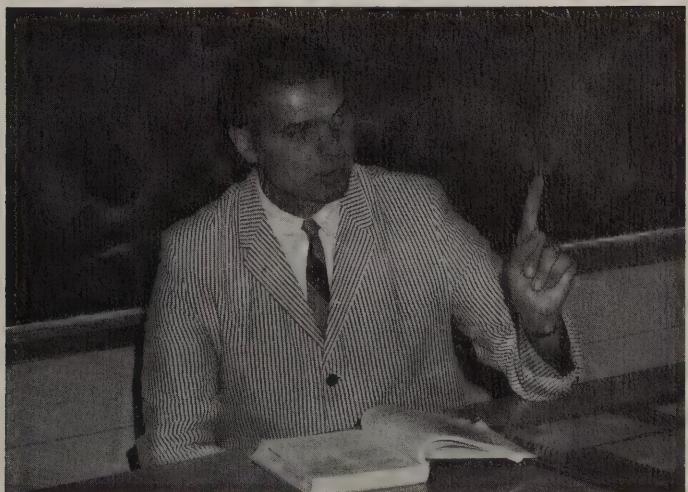

Mr. Mowery writes an important idea on the blackboard during a bookkeeping class.

Miss Vertisich shows her students the proper way to turn a page.

Mr. Otolski, besides coaching our #1 football team, teaches Business, where he claims he is also #1.

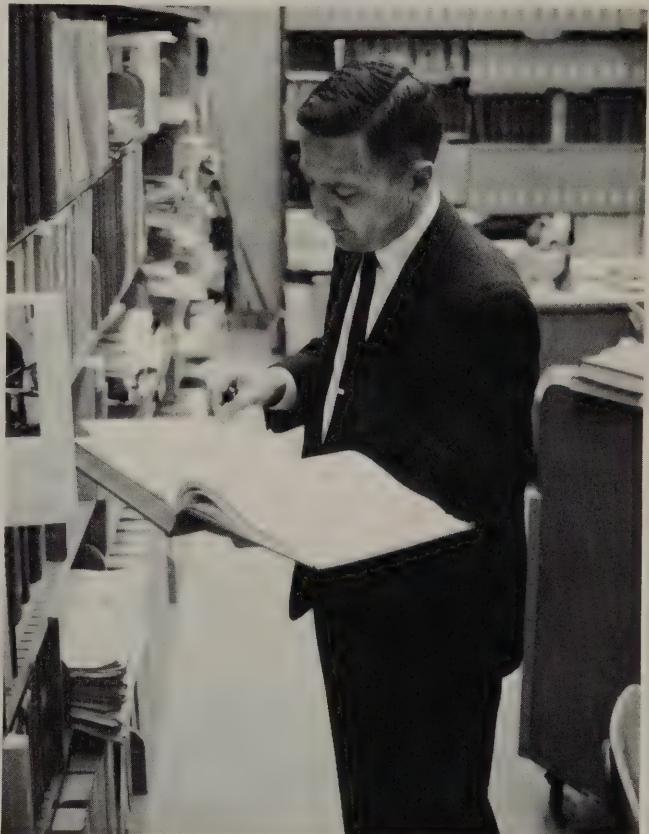

English

Mr. Kelly explains English grammar while his class listens attentively.

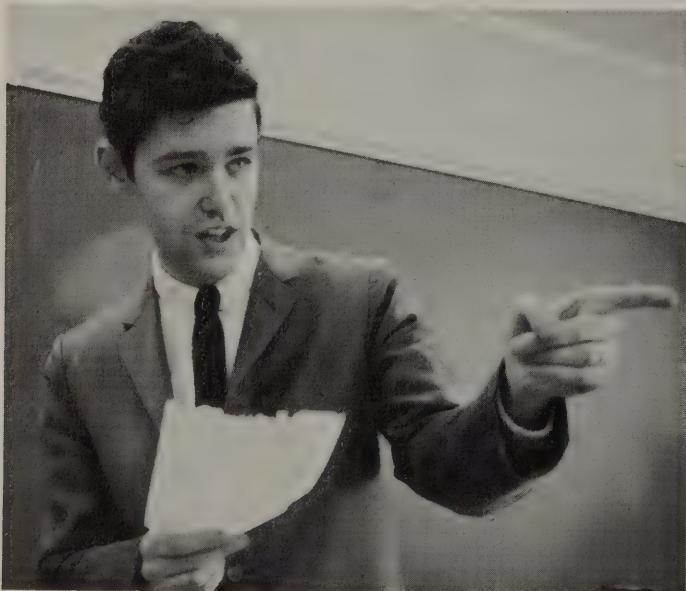

An interesting point is developed by Mrs. Kristl during one of her creative writing classes.

Mr. Ikena examines one of our library's many reference books between classes.

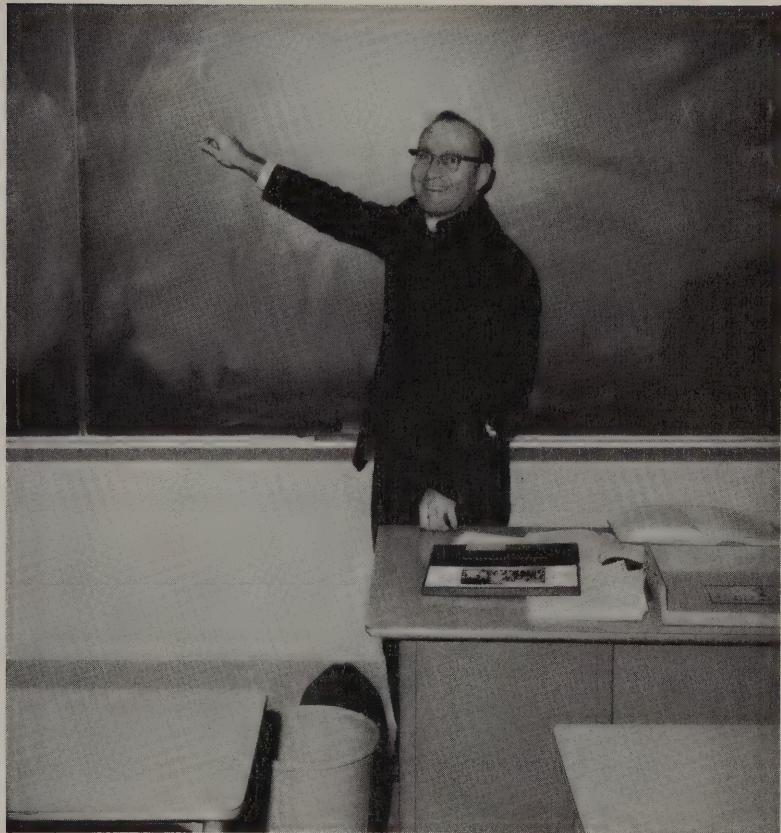

Mr. Garvey emphasizes the importance of constructive criticism.

Emerson, Thoreau, and Transcendentalism are elaborated upon by Sister Marcellita.

English is the study of life
through literature.

Head of the English Department, Fr. Hinds takes time to explain the meaning of "debunking" to his English class.

Mrs. Daley makes it clear that English is not always serious.

Mr. Foster asks for a student explanation of an important literary term.

Physical Education

Mrs. Dunphy prepares to run as soon as she releases the ball.

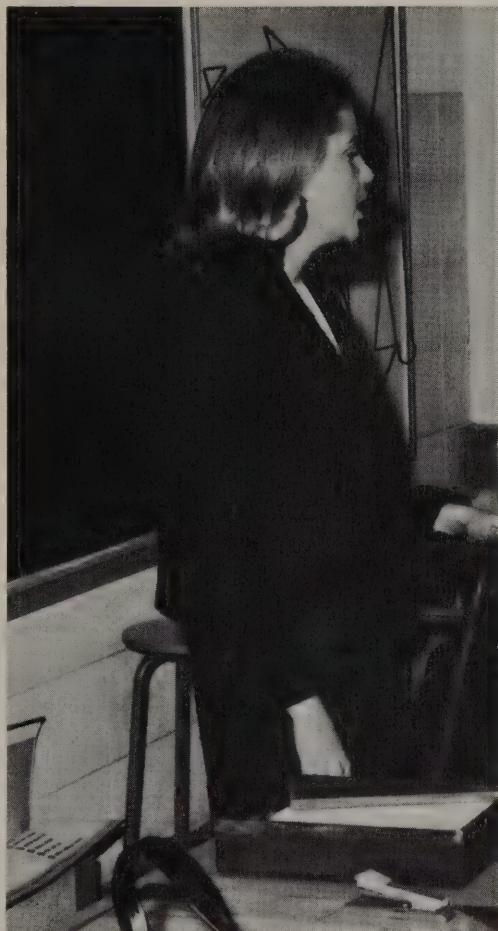

A fellow basketball star harasses Maryclare Cressy during Gym Class.

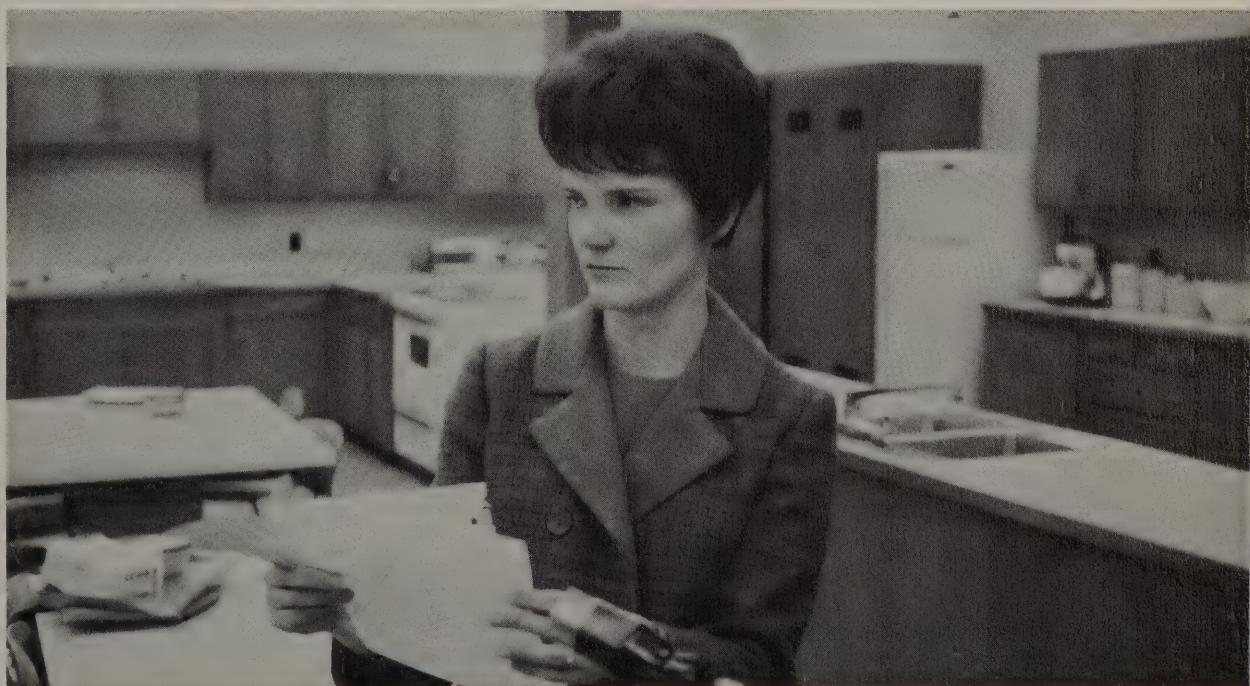

Mr. Logan demonstrates the proper way to shoot a basketball: through the hoop.

Home Economics

Miss Wild reminds the class of the importance of eating breakfast.

Mrs. Cotter explains that the way to a man's heart is through his stomach.

Languages

"Amo, amas, amat" seems to be the subject of Mrs. Yurasek's Latin class this period.

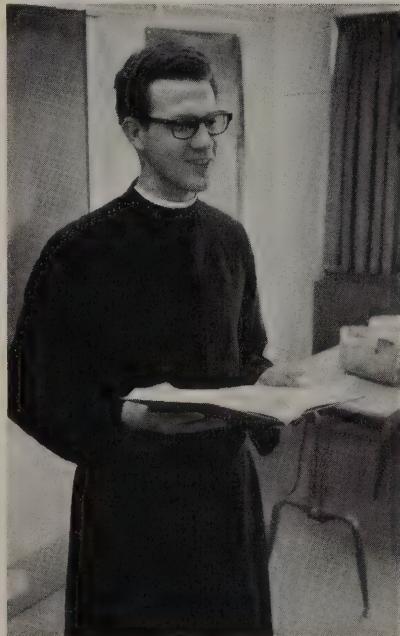

Sister Claudette holds a rapid question and answer session in French.

Sister Ann, chairman of the language department, holds a grammar review for a major test in French.

Chris Kvietkus, Anne Mahaney, and Tony DeDario listen intently to what "appears" to be languages tapes.

Mr. Sikarskie explains phonetics—French style.

Sister Josephine, a native of Germany, shows the true "Deutsche" pronunciation.

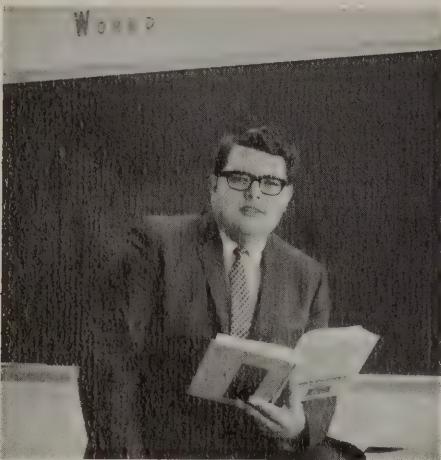

A Cuban native, Mrs. Aguero demonstrates how to "hablar espanol."

Sister Angela teaches "La belle langue" by use of pictures.

Mathematics

Mr. Peterson explains geometric theory to his students.

Sister Philibert explains the measuring of distance to future Euclids.

Father Gagnon draws a circle to show that the sum of two angles is greater than the third angle.

Mrs. Zika contemplates the complexities of an Algebra probe.

Sister John Francis elaborates upon a mathematical principle.

Religion

"To the man who has the religion of peace, the supreme value is love."

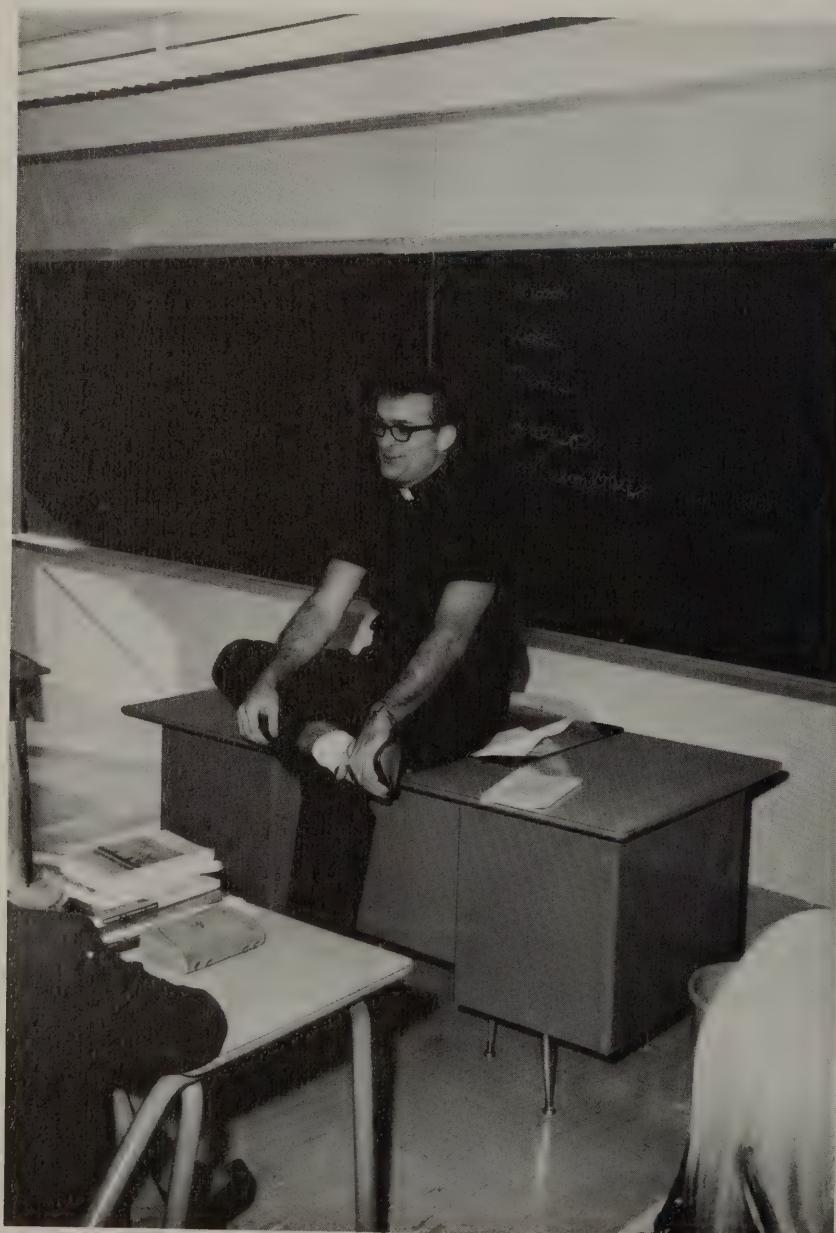

Our Religion program is geared to give each individual "the religion of peace"—so that students will recognize love as the basis for life, the Church, creation.

Ideally, as stated by Fr. Mark Abler, Religion Dept. Head, Religion Class should not be held in a formal atmosphere. It should be a discussion, an exchanging of the ideas and beliefs of a group of people, coordinated by someone qualified to give the answers. At Marian, we strive for this ideal situation.

The Church today is moving rapidly. By meeting for religion three times weekly, students are given the chance to become informed, up-to-date Catholics.

lics—an opportunity parents do not have at this crucial period in Church life, an opportunity too often taken for granted. Through these classes each person becomes aware that he is an individual with a personality and an environment clearly different from anyone else in creation. This individuality is a new focal point in the Church, just one of many insights obtained through the modern approach Marian has adopted.

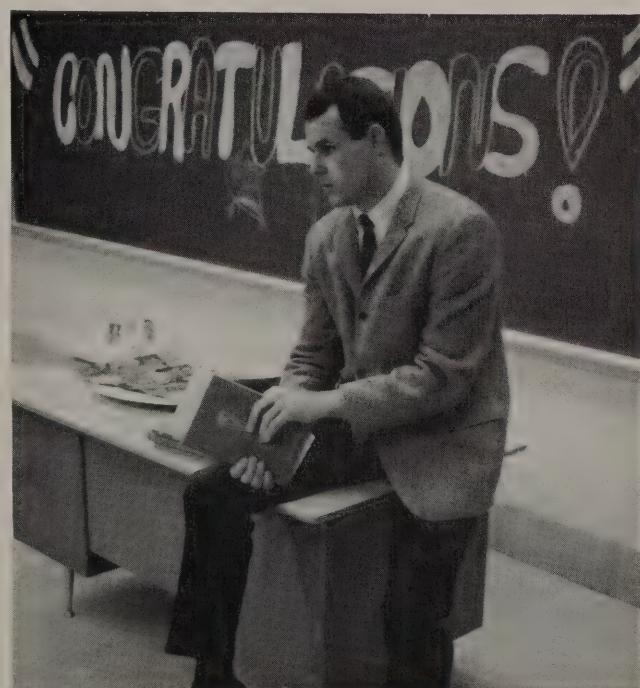

Of course, Religion Class as such is not the only spiritual benefit gained by attending Marian. The religion of love is projected through the football field, the library, the cafeteria dances, and any place Marian students gather for intellectual gain, social exchange, athletic contests, and fun.

Father Abler muses over a question.

Father Brennan leads an attentive discussion on contemporary student problems.

"Contemplation" by Mr. Miller.

Science

Father Schultze, chairman of the science department, helps his chemistry students to correctly measure chemicals for an experiment.

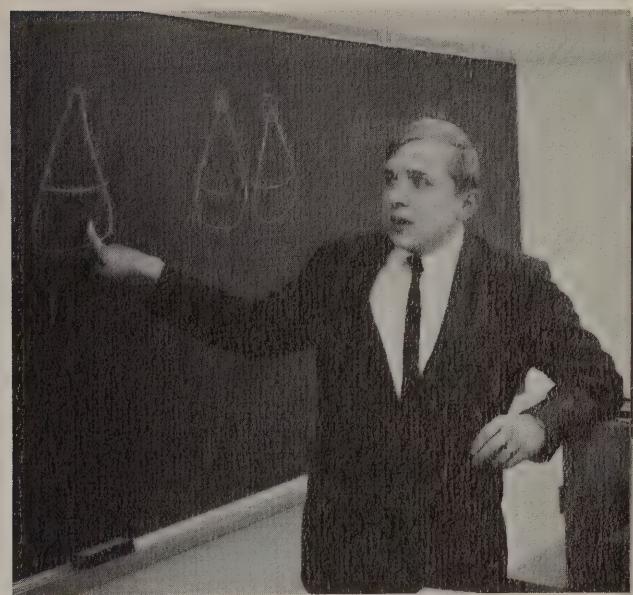

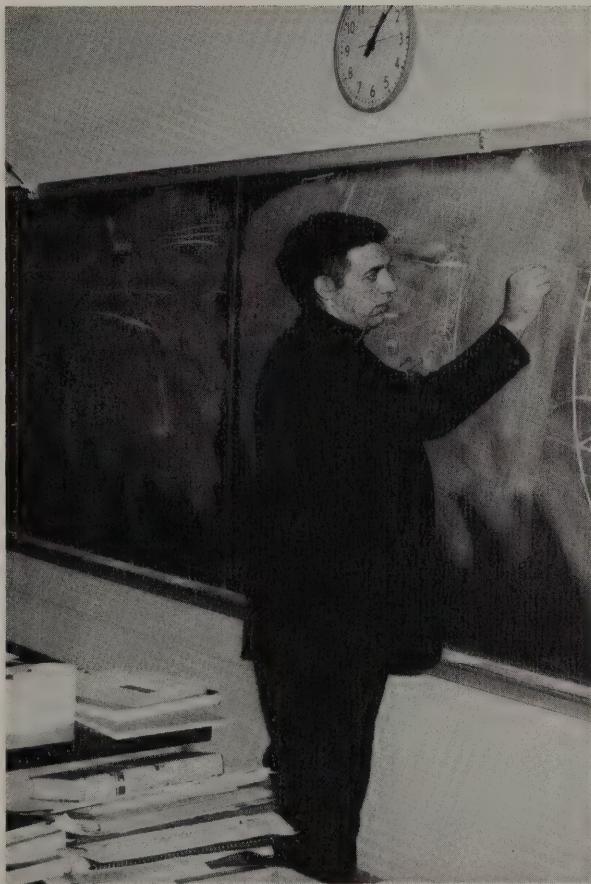

Miss McGinley reads about the dissection of a frog—seriously?

Mr. Lohman examines a biology slide under the microscope.

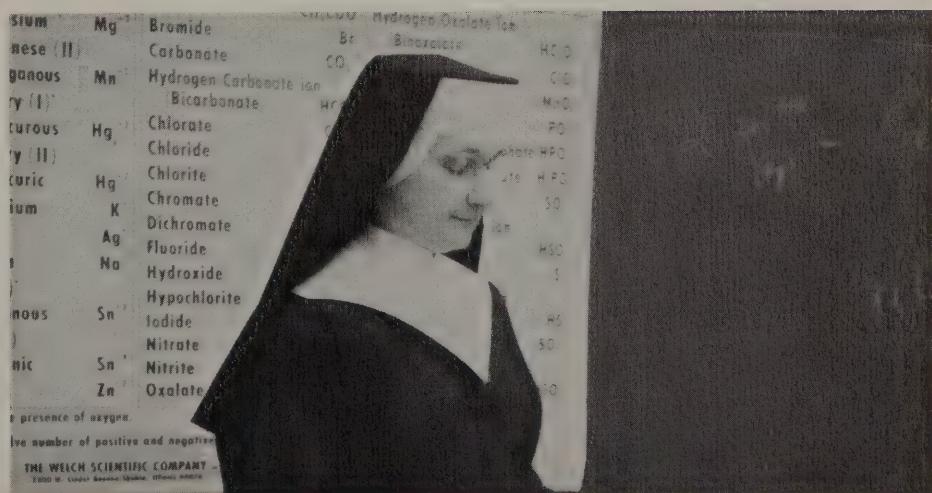

Mr. Lomax explains some of the complexities of cell division.

Father Driscoll works a "simple" problem in physics on the board.

Sister Clara works with students on the balancing of equations.

Social Studies

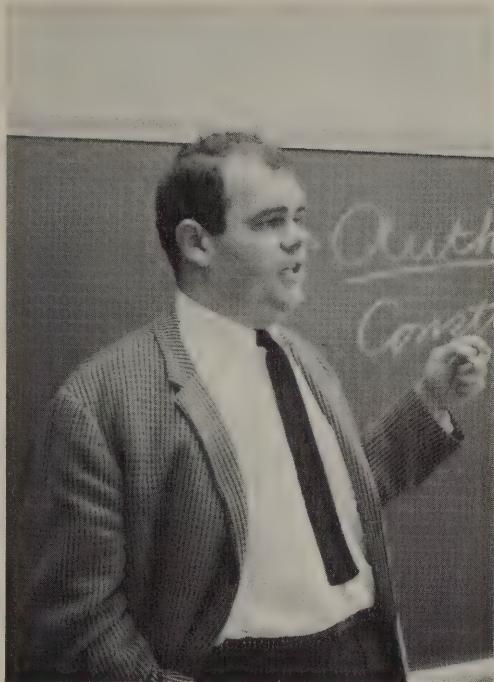

Head of the Social Studies Department, Mr. Burzynski, prepares a class for an upcoming test.

Miss Kaczorowski points out that Henry VIII is not *only* the subject of a song.

Mr. Davisson finds an answer hard to believe in his Geography class.

Mr. McPeak engages in one of his "famous" discussions.

Mr. Putoff displays valuable historical knowledge.

Besides teaching Economics, Mr. Hagist doubles as Ass't Football Coach.

Marian's Librarian, Sr. Helen Ann diligently sorts library cards.

**MADRIGAL**—a type of medieval song. Unlike its namesake, however, work on Marian's yearbook is hardly a song. Copy to write, layouts to be drawn, deadlines to be met.

One hundred and twenty-eight pages, one at a time.

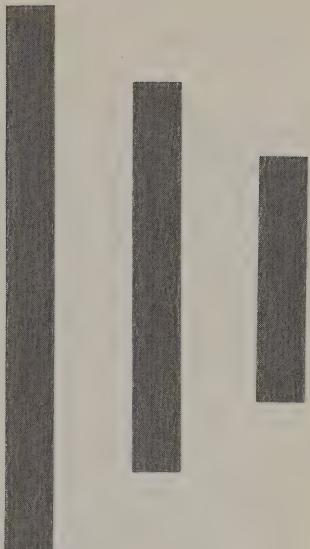

Madrigal tells of hard work, of coordination of financial and creative efforts into one efficient organization.

Work the year 'round . . . it's tough. But when all is done, we can push back our chairs, take one long, hard look, and sigh, "It was all worth it."

One of the largest clubs here at Marian, the Library Council, does much to further the education of the students. In its short history, it has done its best to develop the library into one of the most complete and useful facilities of the school. Besides this, the Council gives its members a good insight into the organization of a library; through the aid which the members give to the head librarian, Sister Helen Ann, O.S.F.

# “Up with people!”

Up With People, a group of high school and college students, perform at Marian with the goal of spreading brotherhood to all men.

Flavio Muccillo from Brazil shows his delight with being a Marian student.

## Foreign Exchange

Carmina Gonzalez from Colombia and Eduardo Sanchez from Argentina studied with us in 1967.

Through the foreign exchange program at Marian, Marian has been fortunate enough to have three students from South America as Marian students. Having these students as classmates, Marian students have had an excellent chance to learn of life and culture in South America. Each of the foreign students has expressed a deep gratitude for this once-in-a-life opportunity. Not only have they learned to live the life of an American student, but they have also developed real and lasting friendships which transcend the artificial barriers between their country and ours. Marian students have become more tolerant and more adult for having known these good-will ambassadors.

## First Ring Dance

Students eagerly awaited the presentation of Marian's first class rings on April 21, 1967. In the morning rings were distributed in the cafeteria by Fr. Verhagen in a memorable ceremony.

Months of preparation and weeks of construction culminated in Marian's first Ring Dance. The theme of the dance, "Of a Knight's Dream," transformed the school gym into a medieval courtyard. Upon arrival in the evening, couples entered into a medieval fantasy over a wooden drawbridge. Shrubbery outlined the dance floor, creating an aura of courtly splendor. Highlighting a section of the courtyard was an artificial fountain forming the background for couples' portraits. Refreshments were served throughout the course of the evening and music was provided by the Bill Henry Orchestra. Students celebrated the occasion setting a tradition to be followed for future years.

*"The team's too small."* "Lack of experience will be their downfall." "The big teams will kill 'em." "They were lucky last year." No one seemed to believe that Marian could be a formidable opponent. Hard work, school spirit, superb coaching, however, proved otherwise. A record of 10—0 cannot be achieved by luck alone. And what luck Marian did have was the kind that was earned—earned with calisthenics, conditioning drills, midnight practice, scrimmages in humid August heat through bone-chilling November cold.

From the opening kick-off of the Mishawaka game, it was apparent that the mighty Knights had lost none of the momentum from 1966's strong finale. Ten victorious games later, an undefeated season was assured when Culver became the Knight's fifteenth straight victim by a score of 19 to 0. There were many highlights . . . the "cross-town" big win over Mishawaka, 27 to 7 . . . the first conference win over Clay with apparent ease, 41 to 7 . . . a comeback revenge over Andrian, 20 to 13 . . . Co-captain, Tim Nicolini's two tackle eligible catches against LaSalle . . . the strong, 52 to 0 first Homecoming win over North Judson . . . the defensive sparkle by Tony Germano against St. Joseph that clinched the NIVC championship and finally, the satisfaction of a perfect season by defeating Culver in the finale. The Mighty Knights were established as a Mishiana football power to be reckoned with.

Tony Germano is upended after a long gain in clash against Culver.

# Freshman Football

Freshman Football Team: Following the varsity's lead, the freshman team finished the season with a 9-0 record which began with the Central forfeit and continued through the freshman League Championship game. The frosh were plagued with such defects as being small and physically weak. In fact, they were doubtful of any win, but our "little" Knights were determined!

St. Joe, Mishawaka, Riley, LaSalle, Clay, Jackson, Penn, and Washington fell victim to the freshmen gridiron momentum. Exciting highlights on the road to the area championship included their first victory over Catholic rival, St. Joe; a one point win which came in the last four minutes against Riley; and the Jackson game on a turf of five inches of mud. Perhaps, the greatest victory was winning the St. Joseph Valley Freshman League Championship over Washington, thus avenging the lone defect that marred an otherwise perfect season earned by last year's freshman team.

# In Memoriam

Carl Kuminecz

Robert Waldvogel

“No man is an Island, entire of itself;  
every man is a piece of the Continent, a  
part of the maine; if a Clod be washed  
away by the Sea, Europe is the lesse, as  
well as if a Promontorie were, as well as  
if a Mannor of thy friends or of thine  
owne were, any man’s death diminishes  
me, because I am involved in Mankinde;  
And therefore never send to know for  
whom the bell tolls; it tolls for thee.”

## AN OPPORTUNITY TO SERVE

An opportunity to serve awaits industrious young men and women at Northern Indiana Public Service Company. As one of the top gas and electric distribution utilities in the United States, NIPSCO is constantly looking for new processes and methods of efficient operation. These include atomic power generation, extra high voltage transmission, underground electric distribution, computerized system planning, underground storage of natural gas, community analyses and electronic data processing.

# Ready to grow with a growing company?

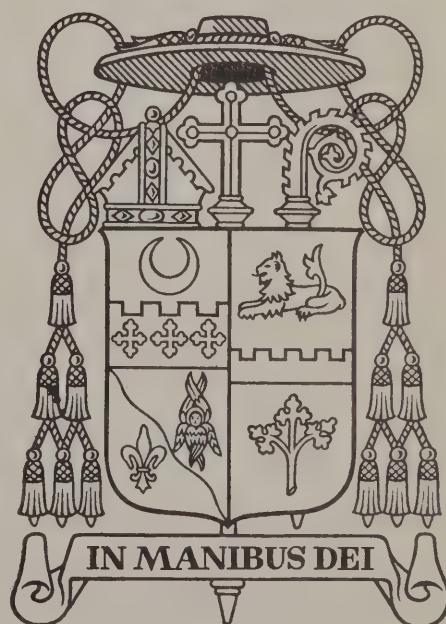

## IN AN ATMOSPHERE OF GROWTH

NIPSCO is one of the highest-paying utilities in the State of Indiana. Its attractive employee benefit package—tuition refund plan, vacations, holidays, life insurance, comprehensive medical insurance, pensions, etc.—provides an atmosphere for individual growth. Fifteen leading colleges and universities are strategically located throughout its service area with others available in the greater Chicago area. Drop in. We'll be glad to talk jobs with you.
